

Income for Life!

The MOAA Scholarship Fund offers charitable gift annuities to our donors who want to support education for military families, but who also need a steady flow of regular income. These gift annuities involve a contract whereby a donor transfers cash or stock to the MOAA Scholarship Fund in exchange for regular lifetime payments. They are very popular giving vehicles because both the donor and the charity receive a substantial benefit.

Here are five ways a gift annuity can benefit you:

1. Fixed payments
2. Dependable payments
3. Safe payments
4. Tax-free payments
5. Income tax charitable deduction

*For a breakdown of how a charitable gift annuity could work for you or more information regarding charitable gift annuities, please call our Development office at (800) 234-6622 ext. 169 or email moaasf@moaa.org.

There are other benefits to obtaining a gift annuity with the MOAA Scholarship Fund, but perhaps the greatest of all is the satisfaction that someday your gift annuity will be available to help provide interest-free loans and grants to children of military families to obtain an undergraduate education. By helping yourself in this way during your retirement years, you will also be helping the MOAA Scholarship Fund in the future. **To learn more, visit www.moaa.org/scholarshipfund**
